How long have you been a TCP?

**Review the Traffic Control Risk Assessment and Traffic Control Plans for the project.**

**I have reviewed and understand the following:**

	Initials
Current traffic control risk assessment	
Traffic Control Plans for the project	

**Notes**

I am aware of my Duties and Obligations under the Workers Compensation Act and OHS Regulation as they pertain to a Traffic Control Person at this workplace, including the following;

- I will ensure I am equipped with the required high-visibility apparel and other equipment before controlling traffic
- I will locate myself on the shoulder/curb adjacent to the traffic being controlled, in a lane that has been closed by means of barriers, or another location clearly described in the traffic control risk assessment
- I will have and maintain an unobstructed escape route away from traffic in any location where I am controlling traffic
- I will not direct traffic contrary to any sign, signal or traffic control device

OHS Regulations Part 18: Traffic Control

BCCSA TCP Digital Resource

I have been informed of my responsibilities as a Traffic Control Person as they pertain to this workplace.
